"The PriSSillas are one of the most high-energy rock and roll bands I've ever seen! Their incredible talents showcase their amazing harmonies on pop, rock, classic, and country favorites - so you can't help but sing and dance along. Every show I've ever been to just keeps getting better and better! These girls are among the best I've ever seen perform live every...single...time!!"

~ **Andrea Darlas**, *Radio Personality, WLS AM RADIO*

"The PriSSillas are an outstanding band from Chicagoland and their reputation speaks for itself. So much so that I engaged them for a very important time slotted performance for a three-day festival. They did NOT disappoint! Their musicianship is top notch, audience interaction and engagement is off the charts, they're perfectly professional and they couldn't be nicer human beings! I'd hire them again in a heartbeat for any show I'm producing, they truly are the total package!"
